

ServiceProvider

```
classDiagram
    class ServiceProvider
    class EventServiceProvider["App\Providers\EventServiceProvider"]
    EventServiceProvider --|> ServiceProvider
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'ServiceProvider'. Below it is a box labeled 'App\Providers\EventServiceProvider'. A blue arrow points from the bottom of the 'App\Providers\EventServiceProvider' box up to the bottom of the 'ServiceProvider' box, indicating that 'App\Providers\EventServiceProvider' inherits from 'ServiceProvider'.
