

HttpKernel

```
graph BT; A[App\Http\Kernel] --> B[HttpKernel]
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'HttpKernel', representing a base interface. Below it is a box labeled 'App\Http\Kernel', representing a concrete class. A blue arrow points from the 'App\Http\Kernel' box up to the 'HttpKernel' box, indicating that 'App\Http\Kernel' implements 'HttpKernel'.

App\Http\Kernel
